Providing quality skilled
health care services and
helping you live
independently in the
comfort of your own
home.

Our Mission

Henderson County Home Health believes in the importance of helping people to live independent and dignified lives.

Our mission is to help patients increase their ability to tend to their everyday needs, while remaining in the comfort of their own home or living facility.

Our Home Health Team works in partnership with each patient's family to give the peace of mind our patients deserve. It is our goal to enrich our patients' lives and we offer numerous programs to meet each individual's home care needs. Among these home care services we offer:

- ◆ Skilled Nursing
- ◆ Physical Therapy
- ◆ Speech Therapy
- ◆ Occupational Therapy
- ◆ Patient Education & Medication Administration
- ◆ Complete Initial Assessment
- ◆ Changing dressings and monitoring complex treatments
- ◆ Wound Care & Post Operative patient education regarding ostomy devices
- ◆ Specialized treatment of pressure ulcers and caregiver education for proper skin care
- ◆ Home Health Aides for baths
- ◆ Health equipment loaning

What is Home Health Care?

Home Health Care is skilled health care services provided in the home under the direction of your physician. These services are provided according to a specific plan of care that is individualized for each particular patient that our nurses develop. The plan of care includes a set of goals, based on a patient's specific and therapy needs.

When should you call us ?

- ◆ You or a loved one are in the hospital or nursing home and are ready for discharge to home.
- ◆ You're feeling overwhelmed by the demands of providing care for a loved one
- ◆ You or a loved one want to remain at home, but need help to do so.
